## *Lyn F. Knight, Inc.*

I feel it is an honor to be a part of the 20th Annual IPMS in Memphis, Tennessee, June 21 - 23 at the Cook County Convention Center.

I have been planning for over a year to try to make this a special occasion, and I'm sure that with my counterpart in this auction, R.M. Smythe Co., we will have provided you with the best of our worlds.

Never before have I had an opportunity to offer so many exciting bank notes in one sale. With less than one-half of my normal number of lots, I have what will probably be my largest sale ever. I have tried, wherever possible, to include knowledge about the history of these notes so the pedigree can continue.

If you have never been to the Memphis Show, this would be a good year to start your pilgrimage, and if you have been gone for a while, come on back - we miss you! For 19 years this has been a gathering of dealers and collectors that is unrivaled in numismatics, so let's make the 20th show one to remember.

"Memphis Memories" are located in several spots throughout the catalog. You can read about past Memphis experiences. These stories have been provided by some of my friends to share with you. These are true Memphis Show experiences and I hope you enjoy them.

See you in Memphis !!!

## LARGE SIZE TYPE NOTES

### Demand Notes

#### Wonderful Demand Note

- 1 **Fr. 2 \$5 1861 Philadelphia #35443** This is without a doubt, one of the finest \$5 Demand Notes to be offered in recent years. In fact, of the recorded serial numbers, only one Fr. 2 is listed as better and four are listed as equal to the grade of this note. I would have been willing to grade this note higher than it is listed, because I feel that would be more accurately described. XF (5,000-10,000)

### Demand Notes

- 2 **Fr. 6 \$10 1861 New York #62412** A very scarce type that is evenly circulated and problem free. It will probably bring in the same range as it did in 1993, when it brought \$1,750. The Demand Notes were the first and earliest issues of U.S. Paper Money as we know it. Fine (1,500-2,000)

### Legal Tender Notes

- 3 **Fr. 16 \$1 1862 Chittenden-Spinner #1080** National Bank Note Co. monogram A beautiful note that is fresh and original. Ch. CU (500-700)

- 4 **Fr. 17a \$1 1862 Chittenden-Spinner #85510** American Bank Note Co. monogram near center, at right edge of obverse. Basically just a light centerfold. Ch. AU (300-500)

## Legal Tender Notes

- 5 **Fr. 18 \$1 1869** Allison-Spinner #K9291486\*  
A wonderful example of the \$1 Rainbow that looks perfect, but is one centerfold away.  
Ch. AU (500-750)

- 6 **Fr. 18 \$1 1869** Allison-Spinner #B6747162\*  
The always popular Rainbow \$1's, particularly when they are fresh and original as this one. It has been in a Wayte Raymond book since the 1940's. Gem CU (800-1,200)

- 7 **Fr. 19 \$1 1874** Allison-Spinner #E9179821E  
Small red seal with rays. The upper right corner is clipped just into the tip of the border.  
CU, damage. (100-200)

## Legal Tender Notes

### Gem Series "A"

- 8 **Fr. 21 \$1 1875 Series "A"** Allison-New #A204772E This is a rarely seen note in any grade, let alone so pristine. With a printing of 1,000,000 Vs 19 million on Fr. 26, it gives an indication of its rarity. Fully original Gem CU. (2,500-3,500)

- 9 **Fr. 23 \$1 1875 Series "C"** Allison-New #D968615E. Small red seal with rays. This is a "C" series note and it is a tough one to find from the old time collections. Gem CU (1,500-2,500)

## Legal Tender Notes

- 13 Fr. 30 \$1 1880 Bruce-Wyman #Z49548189  
Large, brown seal. The right margin is too tight for a Gem. Ch. CU (200-400)

- 14 Fr. 31 \$1 1880 Rosecrans-Huston #A2148784  
Large, red seal. This is the only \$1 issue with this seal. It is the rarest seal type in the entire Legal Tender series. Sharp and well centered, but it is just close to UNC. AU (750-1,250)

- 15 Fr. 35 \$1 1880 Tillman-Morgan #A5798620  
Small, red, scalloped seal. This blue serial number note has big margins all around and is totally fresh. Gem CU (300-500)

## Legal Tender Notes

- 16 Fr. 37 & 37a \$1 1917 Elliott-Burke & Burke-Elliott #K55941134A & #H13592151A Two pieces. Small, red, scalloped seal on each. A great way to get this pair with the signatures forward and backward. Very pretty notes from this old time collection. Ch. CU (400-600)

## Legal Tender Notes

### Low Number Cut Sheet

- 19 Fr. 40 \$1 1923 Speelman-White #A69B - A72B Cut sheet of 4 notes Years ago, Bebee's had lots of interesting Fr. 40's with weird numbers, but the single and double digits were long gone. I wouldn't think this opportunity to acquire a cute item will soon be repeated. Ch. CU (1,200-2,400)

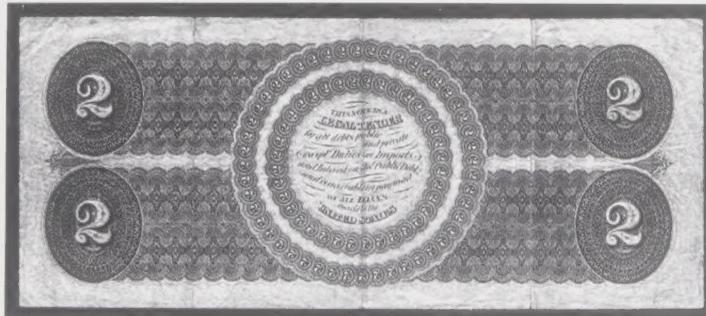

- 20 Fr. 40\* \$1 1923\* Speelman-White #\*4225D Red seal. These lower number star notes have not been offered much recently. Gem CU (300-500)

- 18 Fr. 40 \$1 1923 Speelman-White #A6814147B Small, red, scalloped seal. A pretty note. The red just pops out at you. Gem CU (250-350)

## Startling #1 Discovery Note

**21 Fr. 41 \$2 1862** Chittenden-Spinner #1. Possibly the first \$2 bill issued. Just when we feel that our research is becoming solid and our information thorough, a note like this comes along and blows holes in it, big enough to drive a truck through. Thanks to studies by Doug Murray and others. He was convinced that the Fr. 41a with American Bank Note at left horizontally were the first series issued up to 87. But, here I bring along this note which has National Bank Note Company printed there and mine is no series #2. This note was purchased in a coin shop in England more than 10 years ago and was just brought to light. Mr. Murray suggested the highly improbable theory of an obstruction, but beyond that, was unsure what to say. The note is well centered, with 3 heavy quarter folds and minor splits along the folds. An exciting discovery #1 note that can either be explained as the first note printed or possibly when they switched to National Bank Note Co. they did not start the first printed with series. I don't have the records, just a rare, elusive, and unusual discovery. Perfect for the Memphis auction. F/VF (10,000-15,000)

## Low #15

**22 Fr. 41 \$2 1862 Series 155** Chittenden-Spinner #15 Very fresh and unmolested. XF (600-900)

**23 Fr. 41 \$2 1862 Series 6** Chittenden-Spinner #97951 National Bank Note printed vertically at left border. Rarely do you see this type any nicer than this. They just never have much better margins. Totally fresh. Ch. CU (1,000-1,500)

**24 Fr. 41a \$2 1862 Series 6** Chittenden-Spinner #97919 ABNC-NBNC A pristine note, fresh and fully original. Exceptional margins for this issue, except lower left, which is more typical. Gem CU (1,800-2,400)

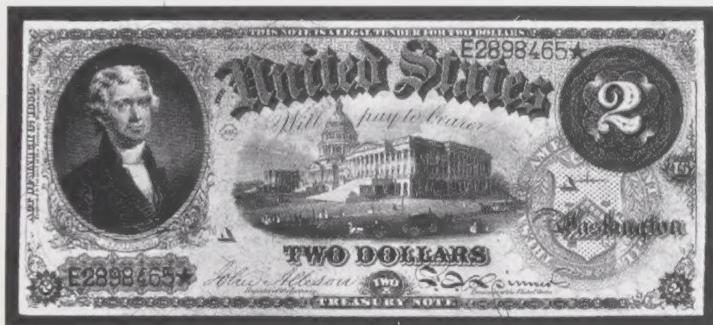

## Legal Tender Notes

## Legal Tender Notes

- 25 **Fr. 42 \$2 1869** Allison-Spinner #E2898493\*  
A popular Rainbow deuce that someone inadvertently folded the left end, of an otherwise CU note. Ch. AU (700-900)

- 28 **Fr. 43 \$2 1874** Allison-Spinner #B246603E  
This is a difficult Friedberg number to obtain in any grade. While the note is no where close to UNC, it could pass until a better one comes along, as they are tough to find. XF/AU (600-900)

- 29 **Fr. 44 \$2 1875** Allison-New #B1882609E  
Small red seal with rays. This note is much more difficult to find really nice than you might think. This pearl should fill the bill. Gem CU (800-1,200)

### Rainbow Deuce

- 27 **Fr. 42 \$2 1869** Allison-Spinner #U8486844 Large red seal. A beauty of a Rainbow deuce. Strong, bold colors are as bright and vivid as the day it was printed. Stop you search if you want a Gem. Gem CU (2,000-3,000)

- 30 **Fr. 45 \$2 1875 Series "A"** Allison-New #A57268E In recent years it has become an increasingly known fact how truly rare this series is. Only when major collections are broken up do we see these. XF (1,250-1,750)

## Legal Tender Notes

- 31 Fr. 46 \$2 1875 Series "B" Allison-New #B556758E This Friedberg number and signature combination is very rare and seldom offered in any grade. Gem CU (2,500-3,500)

- 32 Fr. 48 \$2 1878 Allison-Gilfillan #A3022593 Small red seal with rays. Bright and fresh, but the margins are a little tight. CU (400-600)

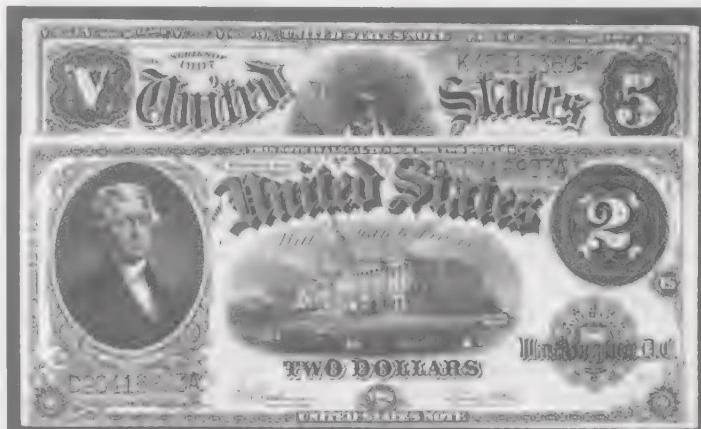

- 33 Fr. 52 \$2 1880 Bruce-Wyman #Z23617020 Large brown seal. Bright and fresh with better margins than most. Gem CU (300-500)

- 35 Fr. 60 & 91 \$2 & \$5 1917 & 1907 Speelman-White Two pieces. Both have small, red, scalloped seals. The Fr. 60 is #D20416893A and is Ch. CU. The Fr. 91 is #K45215369 and is Ch. AU. (225-350)

Rare Fr. 61 "No Series"

- 36 **Fr. 61 \$5 1862 Chittenden-Spinner**  
#81171 Plate 5 Small, red seal. Here is an early example of this rare variety. The line is still visible where the plates were re-engraved from the Demand Notes. This example was discovered in the hoard of early \$5's from the Davenport hoard. A rare opportunity, as only a few have been documented to be true.  
Well worn VG (2,000-3,000)

- 38 **Fr. 63 \$5 1863 Chittenden-Spinner #37930**  
Small, red seal. A nice note, but it does have a few minor age spots. Other than that, it is totally fresh and original. Ch. CU (500-750)

- 39 **Fr. 64 \$5 1869 Allison-Spinner #K1069123\***  
Large, red seal. A sharp Rainbow \$5 with a few minor folds and a little dirt on the reverse.  
XF (300-400)

- 37 **Fr. 61a \$5 1862 Chittenden-Spinner**  
#43697 Small, red seal. This nice, fresh note has good centering for the type. Generally the centering for this type isn't that hot. Ch. CU (500-750)

A BUYERS PREMIUM OF 10%

WILL BE ADDED TO ALL INVOICES

- 40 **Fr. 64 \$5 1869 Allison-Spinner #K5544534\***  
Large, red seal. The Rainbow series have always been sought after. This one is an unmolested Ch. AU. (400-600)

## Legal Tender Notes

- 41 Fr. 64 \$5 1869 Allison-Spinner #K3841694\*  
Large, red seal. Great centering on three sides, but only average on the left hand margin.  
Gem CU (800-1,200)

- 42 Fr. 64 \$5 1869 Allison-Spinner #K3841730\*  
Large, red seal. A beautiful Rainbow with great color. Gem CU (800-1,200)

- 43 Fr. 65 \$5 1875 Allison-New #B981207E  
Small, red seal with rays. A scarce type that is eagerly sought after. Most of those seen are not like this one. Ch. CU (400-600)

## Legal Tender Notes

- 44 Fr. 73 \$5 1880 Bruce-Wyman #A1365533  
Large, plain, red seal. A strong, vivid example of this type. Unfortunately, the centering is not of Gem quality. These do not become available that often. Ch. CU (700-1,000)

- 45 Fr. 80 \$5 1880 Tillman-Morgan #A33152296  
Small, red, scalloped seal. A neat autographed note, but there is a pinhole and a light corner bend. CU (300-500)

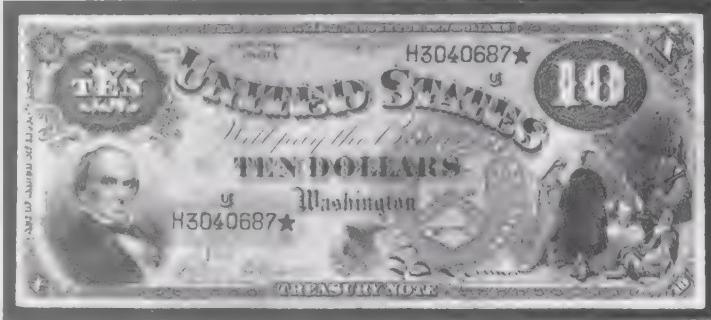

- 46 Fr. 86 \$5 1907 Napier-Thompson #D344749  
A scarce signature combination on this bright, well centered note. AU (250-500)

Legal Tender Notes

- 47 Fr. 88 \$5 1907 Teehee-Burke #H17  
A fresh, crisp, original Pioneer family and serial #17. Gem CU (300-600)

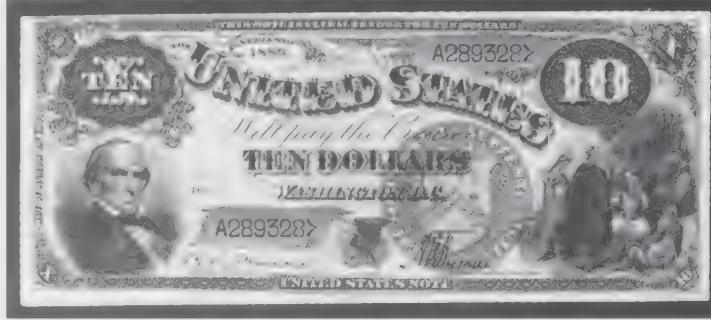

Legal Tender Notes

- 50 Fr. 96 \$10 1869 Allison-Spinner #H2040687\*  
A well centered Rainbow \$10 that is very nice, but lacks the pizzazz of a Gem note. I'm also sure it will lack the price of a Gem note. Ch. CU (1,200-1,800)

- 48 Fr. 95 \$10 1863 Chittenden-Spinner #62961  
Small, red seal. This note is strictly new, but it does have a flaw in the right end margin and is cut fairly tight. CU (700-1,200)

- 51 Fr. 103 \$10 1880 Bruce-Wyman #A289328  
Large, plain, red seal. A real beauty, but slightly less than Gem centering since it is close at the upper left. Ch. CU (800-1,200)

- 49 Fr. 96 \$10 1869 Allison-Spinner #H7178482  
A blazer of a \$10 Rainbow with great centering and a single pinhole. Ch. CU (1,400-1,800)

- 52 Fr. 106 \$10 1880 Rosecrans-Hyatt #A4093389  
Large, spiked, red seal. As nice a note as you are likely to find of this type. Well centered, but not perfect. Gem CU (1,000-1,500)

## Legal Tender Notes

- 53    **Fr. 114 \$10 1901** Lyons-Roberts #41229211

- 54    **Fr. 121 \$10 1901** Elliott-White #E22889090

- 55    **Fr. 121 \$10 1901** Elliott-White #E24344039  
Small, scalloped, red seal. As white and fresh as the snow on Mt. Kilimanjaro (before the yaks got there). Gem CU (1,500-2,200)

## Legal Tender Notes

- 59    Fr. 122 \$10 1901 Speelman-White  
#E44793852 This Buffalo is absolutely original and well centered, but there is a light streak on the reverse. Ch. CU (800-1,200)

- 60    Fr. 123 \$10 1923 Speelman-White  
#A57353B Jackson \$10. This has as nice a margins as you ever get on one of these. There is a light bend in a corner and a minuscule tear in the top margin that most would never see. Ch. AU (1,200-1,600)

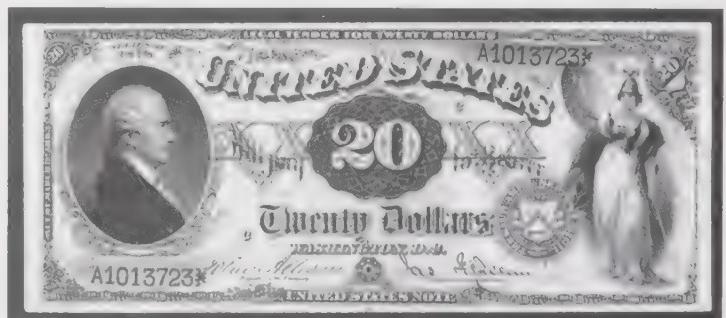

- 61    Fr. 123 \$10 1923 Speelman-White  
#A379530B Small, scalloped, red seal. A beauty of a Jackson \$10. Just a little tight along the top. Ch. CU (2,500-3,000)

## Legal Tender Notes

### Extraordinary \$10 Jackson

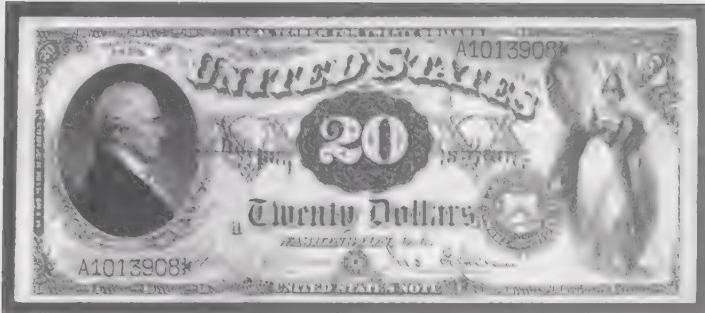

- 62    Fr. 123 \$10 1923 Speelman-White  
#A693987B Small, red, scalloped seal. This is undoubtedly one of the finest quality notes in the entire collection. Broad margins all the way around and as fresh as the driven snow. They made only 696,000 of these, so this one is only 13 from the end of the run. Gem CU (3,000-4,000)

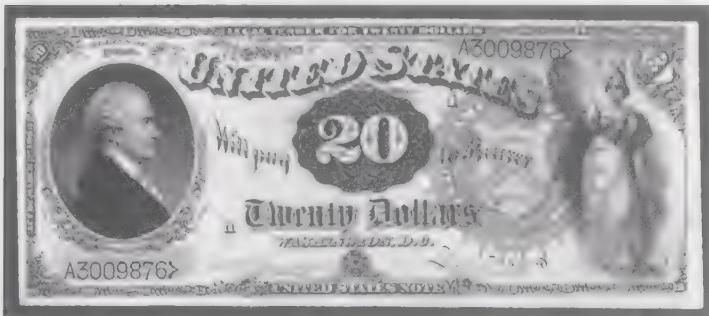

- 63    Fr. 129 \$20 1878 Allison-Gilfillan  
#A1013723 A blazer with jumbo margins and excellent paper quality. If only all series came with such great margins. Worthy of a significant premium over other examples. Gem CU (3,000-5,000)

- 64 **Fr. 129 \$20 1878** Allison-Gilfillan #A1013908  
 Less than 200 number away from #A1013723 is this spectacular example that has all of the superb qualities and the bolder blue end design. Truly a blazer in all respects - color, margins, embossing, paper quality, centering, etc.  
 Gem CU (3,500-5,000)

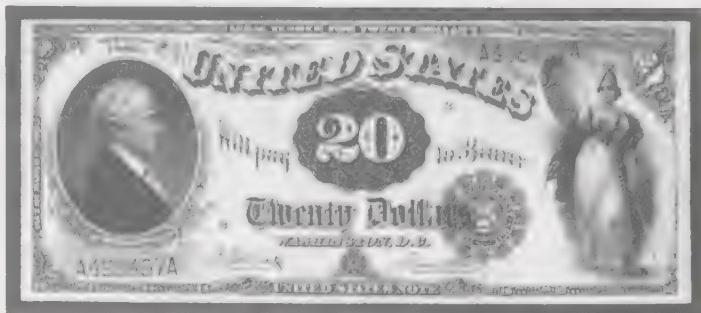

- 65 **Fr. 136 \$20 1880** Rosecrans-Hyatt #A3009876 Large, red, spiked seal. A beautiful type note featuring Victory and Alexander Hamilton. Centered just a touch too high. Ch. CU (1,200-2,200)

- 66 **Fr. 141 \$20 1880** Tillman-Morgan #A9652870 Every once in a while a real beauty comes around, and this is a beauty. Blue serial numbers. Gem CU (1,400-1,800)

## Legal Tender Notes

- 67 **Fr. 147 \$20 1880** Elliott-White #A498407A Small, red, scalloped seal. A pretty note for this type. Well centered and original with several heavy ripples. CU (500-700)

- 68 **Fr. 164 \$50 1880** Lyons-Roberts #A907460 A super note for this type. This is the most often seen signature combination of the scarce and popular \$50. Amazing centering more than compensates for a couple of minor corner folds and a light center fold. Don't hold your breath waiting for a better note. Ch. AU (3,000-5,000)

Elusive 1869 Rainbow \$100

## Legal Tender Notes

Super \$100 Red Seal

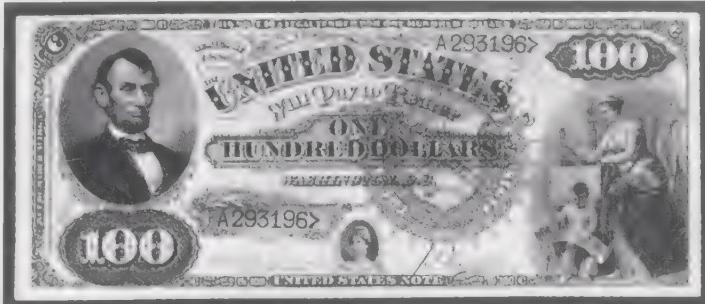

- 69 Fr. 168 \$100 1869 Allison-Spinner #W212366 The Rainbow \$100 of 1869 holds the key to obtaining the set of 1869 \$1's to \$100's. With only 15 serial numbers recorded in private hands, it becomes one of the rarest of the true "type" notes, because everyone collects Rainbows. The color for the \$100's was much more subdued, with blacks instead of blues in the shadings. Other than a couple of minor pinholes, this note is problem free. It represents a rare opportunity to obtain this classic rarity. Most of the reported specimens are AU or UNC. Only five or six are similar grade to this one, four worse and two better. F/VF (10,000-15,000)

- 70 Fr. 177 \$100 1880 Rosecrans-Huston #A249084 Large red seal. I know of only 14 of this Friedberg number in private hands. Two that are probably better. This piece is from a CAA Auction in January 1994, where it realized \$13,600 with spirited bidding. It is a very scarce and beautiful note. Well centered and probably under-graded, based on what we see today. At the very least, we expect this note to attract lots of attention. XF (10,000-15,000)

Finest Known  
and  
Previously Unreported

- 71 Fr. 178 \$100 1880 Rosecrans-Huston #A293196 Look what I found! This is only the ninth note known in private hands. It would be very difficult for another to be better than this. This note has the large brown seal with blue serial numbers. It has big margins all the way around. It is as fresh as it could be, but it appears to have a bend in the center. No doubt this will raise a few eyebrows. Ch. AU (22,500-27,500)

Legal Tender Notes

Fr. 179  
Previously Unreported

- 72 Fr. 179 \$100 1880 Tillman-Morgan #A344349 Small, red seal. This rare note is unmolested, and offers a truly special opportunity for either a type or signature collector. Twenty two pieces recorded. Nine in institutions, and this piece, which was not listed at that time. Only five in private hands were graded higher. Bright and fresh, with several minor pinholes.  
VF/XF (5,000-7,500)

\*\* Memphis Memories \*\*

Beautiful \$100 Small Seal

73 Fr. 181 \$100 1880 Lyons-Roberts  
 #A643910 Small, red seal. This is the most frequently seen \$100 Legal Tender, though that does not seem to properly describe the rarity of this note. Approximately 31 pieces have been verified in private hands. Only three are supposedly better, with a couple of others equal to this. This note is white, bright, and well centered. No doubt as good as you will see. Ch. AU (10,000-15,000)

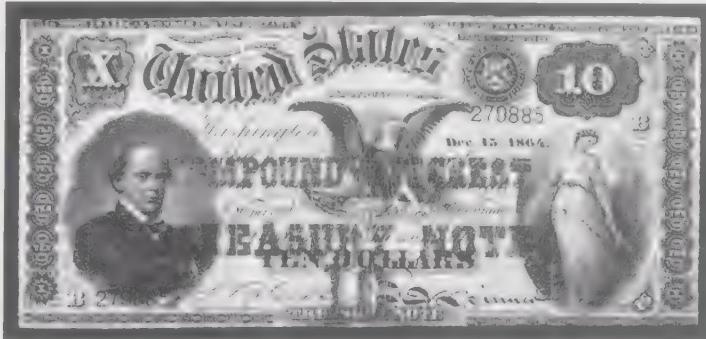

I've never missed a Memphis Show and have gathered up quite a few fond memories over these years - most of which, naturally, are paper money stories. But Memphis Shows bring back many more memories of people and places that are not exactly paper money stories. At one of the early shows, 1978 or 1979, we decided to drive to the show and camp out in the mountains along Skyline drive on the way. Sort of a "test run" for our brand new Volvo station wagon. The day before we left, the block cracked and we were faced with several unpleasant options. The one we chose was to pile into our well worn 1970 VW Bug with two adults, two kids, a tent, two weeks worth of cloths and my currency inventory. All went well for the first few days, and but for the lack of air conditioning, our old VW did just fine. On the day of the opening of the show, we were about 100 miles out of Memphis and very hot. With the windows rolled down at highway speed, I was in a constant battle to keep my hair (Yes Denly, I had hair in 1979) from blowing into my eyes as I drove. My daughter, who was about 3 years old, dug in her luggage and came up with a pair of her underwear. "Here Daddy, put this on you head". Well I did, and it worked. About an hour later, just in sight of downtown Memphis, POW! - flat tire. Out of the car, unload the trunk, find the jack, get the spare. Will we make it to the show by set-up? Lots of things were on my mind as I worked like crazy to do what had to be done. Jean helped with the tire while both kids stood back and waved at all the truckers flying by. All took the time to wave back, most honking as they did, and several slowing down as they went by. "Wave Daddy, wave" the kids would yell and I would wave as I struggled with the tire. I must have waved to at least a dozen trucks before I realized that the focus of their attention was not the kids, but the moron on the side of the road, changing a tire with a pair of pink underwear on his head! Never trust anyone to remind you of something like that!!!

## COMPOUND INTEREST TREASURY NOTES

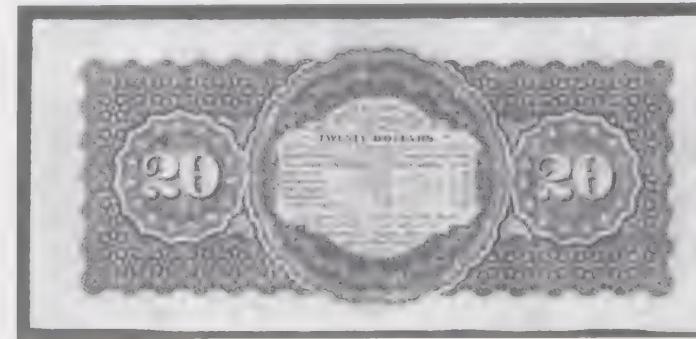

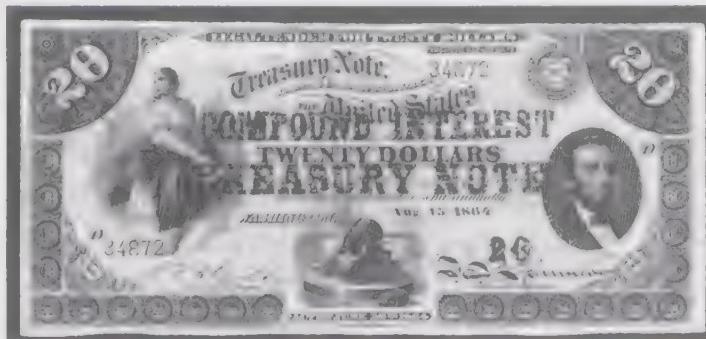

These notes were authorized by Acts of Congress in 1863 and 1864. They were legal tender circulatory notes and bore interest at 6% compounded semi-annually. Compound Interest Notes were issued to help relieve the Government's demand for money, caused by the Civil War. They were issued from \$10's to \$1,000's, and were legal tender at face value. Just another way to help finance the war. An important part of our fiscal history. Because of the heavy gold embossing, many of the notes have a minor problem or two that may have been restored. Because the restoration work is often outstanding, we may not always see and mention those problems.

- 74 Fr. 190b \$10 December 15, 1864 Colby-Spinner #279885 Very similar in grade to the other example, but not quite as well centered at the lower right. VF (2,750-3,750)

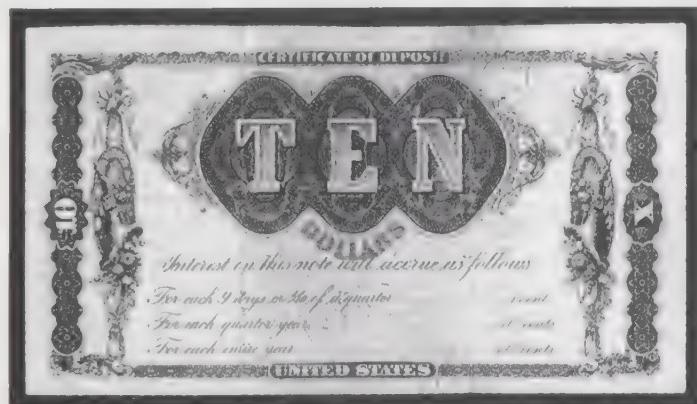

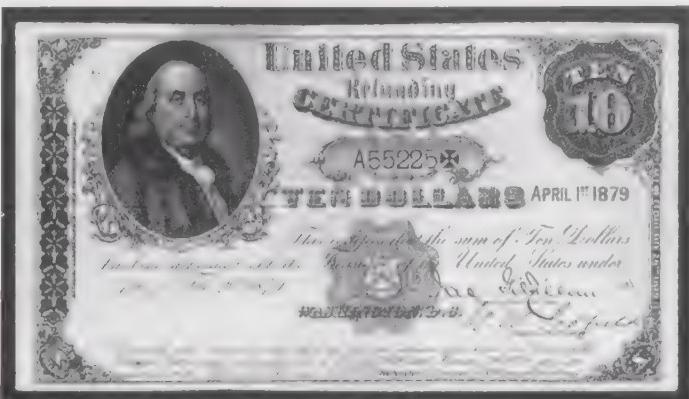

- 75 Fr. 190b \$10 December 15, 1864 Colby-Spinner #354332 A very pleasing and evenly circulated example of this very scarce and desirable type. VF (2,750-3,750)

- 76 Fr. 191 \$20 August 15, 1864 Colby-Spinner #34872 A very well centered, and evenly circulated example of this rare, and extremely sought after type. I wonder what the interest would be if it still compounded? VF (2,750-3,750)

## Silver Certificates

### Super Hancock

- 91 Fr. 241 \$2 1886 Rosecrans-Hyatt #B5981350 Small, red seal. This is without a doubt, one of the highest quality notes from this estate. Great paper quality and punch through. A truly special note. Superb Gem CU (1,200-1,800)

- 92 Fr. 242 \$2 1886 Rosecrans-Hyatt #B13055033 Large, red seal. Hancock's are not normally seen with margins like this. This note is fresh and original. Gem CU (1,000-1,500)

- 93 Fr. 246 \$2 1891 Tillman-Morgan #E20212559E Small, red seal. William Windom note. This was the best Windom that this man could find in the 1940's and 50's. It just shows how scarce these notes really are. AU (700-1,000)

## Silver Certificates

- 94 **Fr. 246 \$2 1891** Tillman-Morgan #E18335305E Small, red, scalloped seal. The head of William Windom is featured on this note. He was Secretary of the Treasury on two occasions, from 1881 -1884 and 1889 -1891. A bright, well centered example. Ch. CU (1,200-1,800)

## Silver Certificates

### \$2 Educational

- 96 **Fr. 247 \$2 1896** Tillman-Morgan #6719697 A truly wonderful \$2 Educational that is fully embossed and fresh, with jumbo margins. There is a thick piece of paper pulp visible on the reverse. Some may not understand that it was there when the paper was made, and prior to the printing. Gem CU (1,500-2,250)

### \$2 Educational

The \$2 Educational note was designed by Edwin Blashfield and Thomas F. Morris. It was then engraved by Charles Schlecht and G.F.C. Smillie. The use of the allegorical figures depicts Science presenting steam and electricity to Commerce and Manufacture. The reverse shows portraits of Robert Fulton and Samuel F.B. Morse.

- 97 **Fr. 248 \$2 1896** Bruce-Roberts #11035683 A beautiful, three fold UNC \$2 Educational. By that I mean a pearl of a fresh note with great centering. The words "Last Payment" is written in ink on the reverse. It is neatly written on the end. XF/AU (600-900)

- 95 **Fr. 247 \$2 1896** Tillman-Morgan #370704 A blazer of a \$2 Educational. Fully fresh and bright. Worthy of a premium bid. Ch. CU (1,500-2,000)

## Silver Certificates

- 99 **Fr. 254 \$2 1899** Napier-Thompson #H46

A great note that is every ounce a Gem. Crisp,  
bright, well centered, and unmolested.  
Gem CU (1,500-2,000)

- 100 **Fr. 255 \$2 1899** Parker-Burke #M49548517  
This blue seal note features a portrait of George Washington between the allegorical figures of Mechanics and Agriculture. In the 1980's I handled over one hundred 1899 \$2's like this, but anymore, you are lucky to see one this nice.  
Gem CU (400-600)

- 101 **Fr. 262 \$5 1886** Rosecrans-Huston  
#B21120415 Large, red seal. The obverse shows a portrait of Grant, and the reverse shows five silver dollars. As well centered an example as you are likely to find of this beautiful note.  
Gem CU (1,750-2,500)

## Silver Certificates

### \$5 Educational

The \$5 Educational notes rank at the top of the rare and sought after type notes that are in demand among the collecting public. An allegorical grouping on the obverse shows Electricity as the dominant force in the world. The reverse shows the heads of U.S. Grant and Phillip Sheridan, both important Civil War Generals.

- 102 **Fr. 268 \$5 1896** Tillman-Morgan #10215927  
A wonderful example of a \$5 Educational that is very well centered. A counting mark on the right keeps me from calling this a Gem, but it is a very nice \$5 Ed. Ch. CU (3,000-4,000)

- 103 **Fr. 258 \$5 1896** Tillman-Morgan #3447124  
A beautiful Educational \$5 that is extremely fresh and well centered. Very nice, but not quite as nice as the superb note listed below. A nice note for \$1000 to \$2000 less. Gem CU (4,000-5,000)

### Superb \$5 Educational

- 104 Fr. 269 \$5 1896** Bruce-Roberts #19491895 Small, red seal Educational. This was the series that was banned in Boston because of the bare breast on the allegorical group on the obverse. I believe this to be as pristine an example of a \$5 Educational as one can expect to find. No doubt the price will compare to the quality.  
Superb Gem CU (5,000-7,000)

- 105 Fr. 270 \$5 1896** Lyons-Roberts #32650260 This is the scarcest of the \$5 Educational signature combinations. It is a well centered note with a centerfold and a couple of minor corner folds. AU (1,500-2,000)

## Silver Certificates

- 106 Fr. 276 \$5 1899** Napier-Thompson #H357657 This is the key signatures to the set of Indian Chiefs. The grade and price should make it affordable. VF/XF (500-750)

- 107 Fr. 280 \$5 1899** Elliott-White #N13998122 An excellent example of this ever popular, blue seal Indian Chief. Well centered, fresh, and original, with great "punch through".  
Gem CU (1,000-1,500)

- 108 Fr. 281 \$5 1899** Speelman-White #N43571969 A wonderful, blue seal "Chief" note that looks UNC at a glance.  
Ch. AU (600-800)

## Silver Certificates

- 109 Fr. 281 \$5 1899 Speelman-White  
#N63215996 A wonderful, blue seal Indian Chief that looks like a Gem, but does have a minor centerfold. Ch. AU (600-800)

- 110 Fr. 282 \$5 1923 Speelman-White  
#A3709364B Blue seal Porthole note. Within the circle is an 1864 image of Lincoln, done by Matthew Brady. An excellent note with a minor counting mark. Fresh and original. Ch. CU (800-1,200)

### Gem Black Back

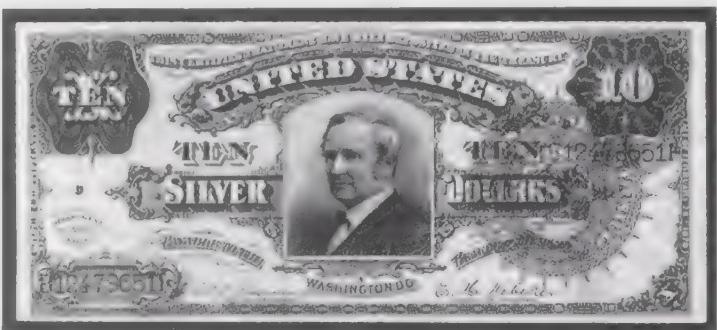

- 111 Fr. 289 \$10 1880 Bruce-Wyman  
#B7113376X Large, brown seal and black back. The obverse features Robert Morris, a signer of the Declaration of Independence and Superintendent of Finance. This is a Gem, well centered note, that is fresh and original. Very difficult to locate so nice. Gem CU (2,500-3,500)

## Silver Certificates

- 112 Fr. 289 \$10 1880 Bruce-Wyman  
#B7113380X Large, brown seal and black back. It is hard to imagine that I could have such a beautiful pair of this scarce type note to pick from. You better get one of these, because they will be harder to get later. Gem CU (2,500-3,500)

- 113 Fr. 296 \$10 1886 Rosecrans-Nebeker  
#B12478651 A nearly perfect example of this nearly impossible type. Though it has a couple of minor edge creases, it is from the same run as the Beebe note, laying some credence to the possibility that this note did not circulate, but instead has just slight handling. Great centering makes the slight bends more tolerable. Thirty one serial numbers have been reported, eight are UNC and three are in museums. UNC (3,000-5,000)

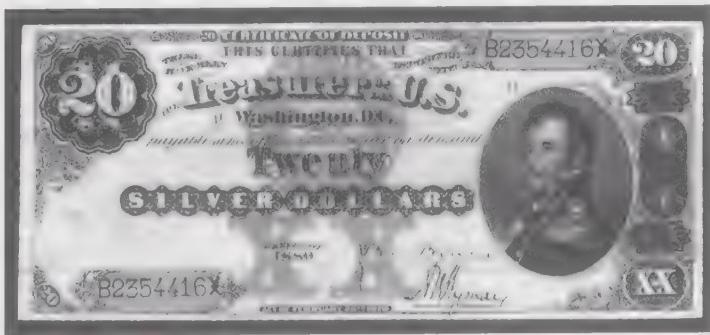

- 114 Fr. 302 \$10 1908 Vernon-Treat #A2705384  
Blue seal. Featured on this note is the picture of Thomas Hendricks, Vice President of the US. Serving only from Mar. 4, 1885 to Nov. 25, 1885. Ch. AU (700-1,000)

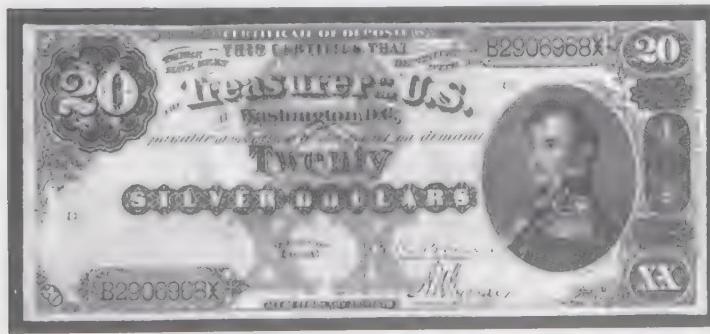

## Silver Certificates

- 115 Fr. 302 \$10 1908 Vernon-Treat  
 #A2705383 Blue seal. There are two of these with consecutive serial numbers, but I feel that this one is nicer. These are a very scarce and underrated type. Ch. CU (1,200-1,800)

- 116 Fr. 311 \$20 1880 Bruce-Wyman  
 #B2354416X Large, brown seal and black back. Another very nice, Stephen Decatur note. Just a grade lower than the other. A well centered note that is very nice for the grade. VF+ (1,750-2,750)

- 117 Fr. 311 \$20 1880 Bruce-Wyman  
 #B2906968X Large, brown seal and black back. An extremely well centered and lightly circulated example of this popular type note which features the portrait of Stephen Decatur. This beauty is sure to please. XF+ (2,500-3,500)

## Silver Certificates

- 118 Fr. 316 \$20 1886 Rosecrans-Nebeker  
 #B1364719 Small, red seal. The obverse shows Daniel Manning, Secretary of the Treasury from 1885 to 1887, flanked by the allegorical figures of Agriculture and Industry. The reverse has the ornate diamond back. Recent records show 18 recorded notes, three of which are in institutions. Only two privately held notes appear to be better. This is the lowest reported serial number. It is a beauty and appears UNC at a glance, but it is not. Great centering and a very nice note. XF/AU accurately describes this note. (4,000-6,000)

- 119 Fr. 318 \$20 1891 Tillman-Morgan  
 #E6862304E Small, red seal. A scarce type to find so nice, is this \$20 Daniel Manning. XF (1,000-1,500)

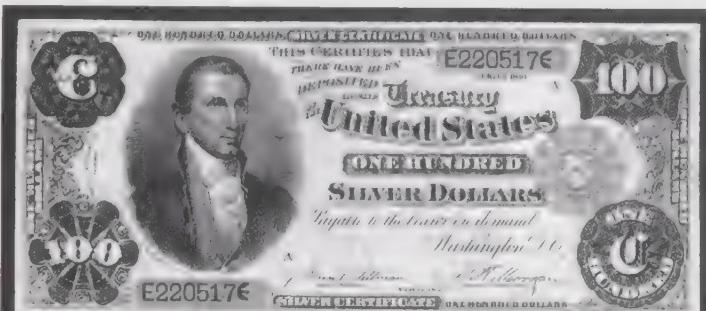

- 120 Fr. 335 \$50 1891 Parker-Burke #K793474E  
 Blue seal. An excellent copy of this scarce type note. Available to you for the first time in over 10 years. Edward Everett shows a stern face on this bright example of a scarce type. XF (1,400-1,800)

## Silver Certificates

- 121 Fr. 335 \$50 1891 Parker-Burke #K790585E Blue, scalloped seal. During the last several years, high denominations have become increasingly sought after by serious collectors. The prices and demand have reflected that. This beautifully centered note bares the portrait of Edward Everett, Secretary of State under President Fillmore in 1852-1853. Ch. AU (3,500-5,000)

### \$100 Silver Certificate

- 122 Fr. 344 \$100 1891 Tillman-Morgan #E220517 A small, red seal with the portrait of James Monroe. Of the 24 reported serial numbers, six are apparently permanently institutionalized, leaving only 18 pieces for collectors to try to obtain. This note was last sold by Stack's on June 19, 1991 for \$4,950. This example is very well centered, with strong color and snappy body. It would make a great addition to your collection. One closed pinhole. VF or better. (4,500-6,500)

## Treasury or Coin Notes

- 123 Fr. 352 \$1 1891 Bruce-Roberts #B54511090\* Small, red seal. The portrait is that of Edwin M. Stanton, Secretary of War under Lincoln and Andrew Jackson. Bright, well centered, and fresh. Gem CU (400-600)

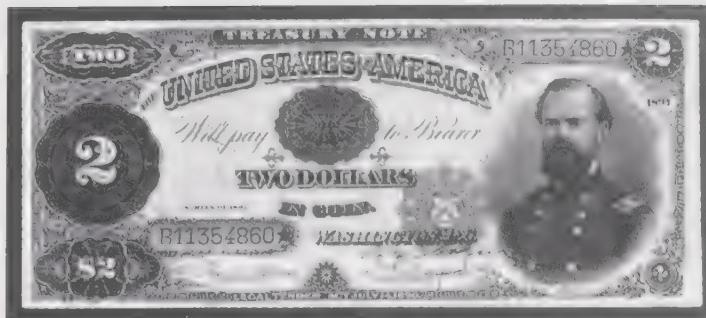

- 124 Fr. 354 \$2 1890 Rosecrans-Nebeker #A2745054\* Large, brown seal. This is by far the rarest of the ornate back \$2 Treasuries. Unfortunately, no one has kept track of serial numbers to know how truly rare it is. I do know I have seen these on want lists, year after year. VF/XF (1,500-2,500)

- 125 Fr. 355 \$2 1890 Rosecrans-Nebeker #A4381591\* Small, red seal. The ornate back McPherson note continues to remain one of the most popular and elusive types. This very well centered example has the appearance of an UNC, but close examination reveals a hidden fold. A beauty that could be a proud addition to any collection. Ch. AU (1,750-2,500)

Autographed by Morgan

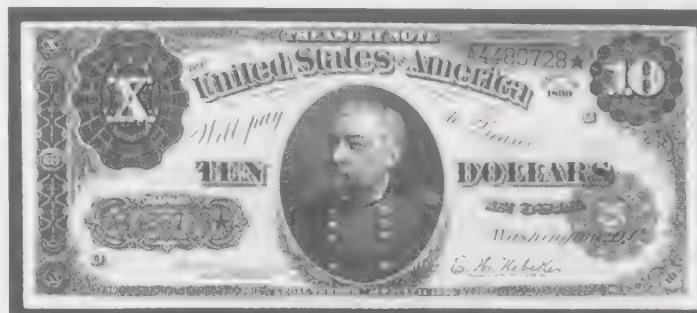

## 126 Fr. 357 \$2 1891 Tillman-Morgan

#B11354860\* Small, red seal. The portrait is that of General James McPherson, the Union Army General who was the hero of the Battle of Vicksburg. Autographed and a super note. Fresh, original, and well centered.  
Gem CU (1,000-1,500)

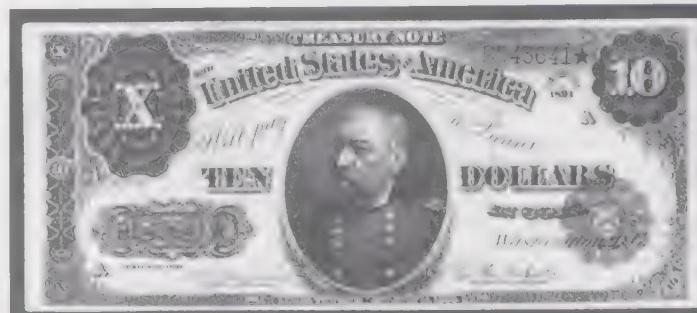

## 128 Fr. 364 \$5 1891 Bruce-Roberts #B16018607

This is as nice as I've seen in years for this type.  
Gem CU (800-1,200)

## 129 Fr. 368 \$10 1890 Rosecrans-Nebeker

#A4480728\* Small, red seal with the ornate back design. The portrait is Phillip H. Sheridan. Commander of the US Army in 1864. A beauty of a Gem 1890 \$10 Coin Note. Bright, fresh, original, crisp, and well centered. Do you get the picture? It's a beaut! Gem CU (2,500-3,500)

## 130 Fr. 369 \$10 1891 Rosecrans-Nebeker

#B543641\* Small, red seal with the plain back design and the portrait of Phillip H. Sheridan. In recent years the demand has been very heavy for this 1891 \$10. They are in very short supply and seldom offered. This Gem is fresh, original, and well centered. Gem CU (1,750-2,500)

## Beautiful \$20 Treasury Note

- 131 Fr. 374 \$20 1890 Rosecrans-Nebeker #A1201567 Small, red seal with ornate back design. The portrait is that of John Marshal, who was Secretary of State from 1800-1801, and also the fourth Chief Justice of the Supreme Court. This very scarce ornate back \$20 is fresh, well centered, and as bold and bright as you are likely to see.  
Ch. CU (6,000-12,000)

- 132 Fr. 375 \$20 1891 Tillman-Morgan #B287025\* This note is just a perfect VF. Well centered, great color, and unmolested. This plain back design has always been considered rarer than the ornate back 1890 series. Whatever the case, this super type note has great centering and no doubt will attract lots of interest. VF (3,500-5,000)

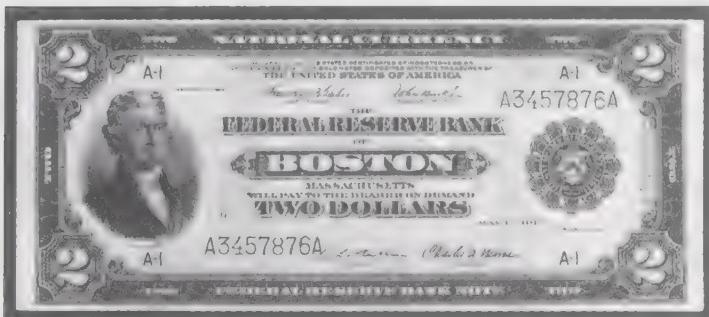

IMPORTANT \$100 WATERMELON

- 133 Fr. 377 \$100 1890 Rosecrans-Huston #A36191 Large, brown seal. It could be argued quite convincingly that the "Watermelon" notes, either \$100's or \$1000's, are the most sought after notes in US Currency. Without this note (a new discovery) there were 30 reported serial numbers of these rare notes. Nine are permanently impounded. This is the only note, in this grade range, listed in the census. It is the first I've had for a long time. Fine (15,000-20,000)

## Federal Reserve Bank Notes

- 134 Fr. 711 & 751 \$1 & \$2 1918 New York

- 135 Fr. 747 \$2 1918 Boston #A3457876A

Only Known UNC

- 149 Fr. 1133b \$1,000 1914 Blue Seal San Francisco** White-Mellon Now here is a note that is worth raving about! Alexander Hamilton's portrait graces this very rare Fr. 1133b. One of only eight notes reported with this signature combination, and one of only two UNC's. This is the only UNC from the San Francisco district. This note would make an irreplaceable set if you matched this note with one of the more common UNC's on this bank.

## Gold Certificates

- 155 **Fr. 1215 \$100 1922** Speelman-White #N1274255 A wonderful \$100 Gold Certificate. It continues to become apparent that the Gold Certificates will continue to be more and more elusive as the market continues to expand. Because of the FDR gold recall, most of them, in this country, are just gone.

### *\*\* Memphis Memories \*\**

Dave Koble, from Bartlesville, Oklahoma, told me the following Memphis story:

During Dave's earliest trips to the Memphis Show, he heard of the infamous road trips by Jerry Briggs, John Heleva, Richard Montford, Frank Trask, and Ken Elwell. He decided that these "treks" were exciting beyond compare, so he planned his journey for the following year. With much anticipation he started out one full week before set-up was to begin. Within the hour he had made his first stop and believe it or not, his first purchase. From there he spent 6 days and nights pounding the pavement for notes. At the end of the journey he reached Memphis, with the single note he had purchased just 20 miles from home!

### *\*\* Memphis Memories \*\**

John Hickman could have, and did, give us memories enough to fill a book, but here is the one he shared with me at Memphis last year for inclusion in this catalog. (Please don't take offense with this story, as none is intended).

It was early in the morning, following the very first Memphis auction, when John and his entourage - Dean & Evelyn Oakes, Nadine Noble, and Herb Melnick - finished their celebrating and realized that they were famished (a rarity for John). After a conversation with the bellman at the Rivermont Hotel, they had received directions to a local, all night eatery. Knowing that John and Herb were feeling no pain, the driving was up to the Oakes.

Upon reaching the establishment, Herb questioned again whether it was a safe place for them to patronize at that early hour. But, John reassured him that the bellman said the place was "alright", and with that, they entered. The ladies went first, followed by Dean, Herb, and John. They were the only white people in the crowded restaurant. Suddenly John blurted out, in his drawl, "You're all free!" and waved his arm. Herb nearly had a heart attack on the spot and the rest of the party just winced. Naturally, no one else caught on or paid any attention to our intoxicated friend and they all had breakfast together.

### *\*\* Memphis Memories \*\**

Allen Mincho recalls arriving on the bourse floor one Sunday morning following one of the Hickman-Oakes Auctions, around 1980. Much to his amazement, a crowd of 8 to 10 anxious collectors were hovering around my tables, awaiting my arrival. When I arrived with my entourage, a feeling of frenzy was to follow. Politely everyone took a seat and began perusing my wares, many for the third time. I took the seat at the far end of our bourse space and the action began. One by one these relentless collectors moved from seat to seat to enter final negotiations for the best that I had found. By the end of the morning, I had sold a wealth of material and my customers all went home happy. It was the best Sunday I've ever heard of at a show.

## \*\*\* IMPORTANT DISCOVERY \*\*\*

### Hawaiian Islands Territorial Notes

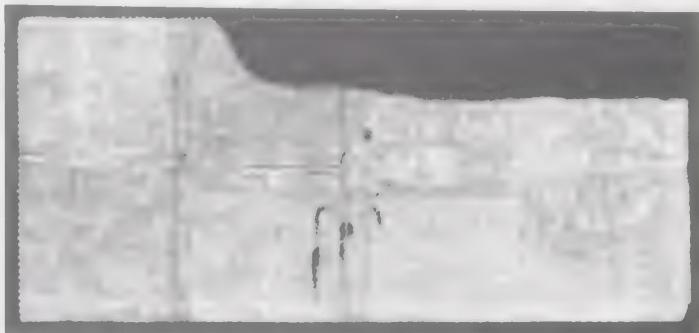

Bank of Claus Spreckels & Co. Certificate of Deposit (only the Government was allowed to issue bank notes then) Honolulu, Hawaiian Islands. This is to certify that there has been deposited in this bank \$10, \$20, \$50, \$100 in Hawaiian Silver Coin. Payable to bearer on demand.

Claus Spreckels was born in Germany in 1828. He became a financier in California and was associated with the California Sugar Refinery in San Francisco, prior to arriving in Hawaii in 1876. He invested heavily in sugar land, sugar mills, railway lines (short ones), and irrigation systems, such as the one he built below the Hamakua Ditch of Alexander Baldwin, on the island of Maui. By 1878 this project had reclaimed some seventeen thousand acres of leased crown lands. It was responsible for the forming of the Hawaiian Commercial & Sugar Co. Operators of the finest plantation in all the islands.

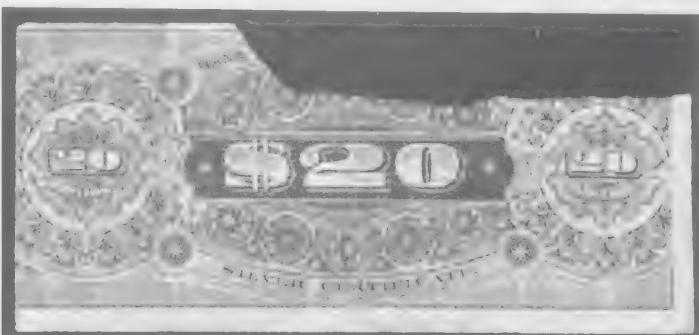

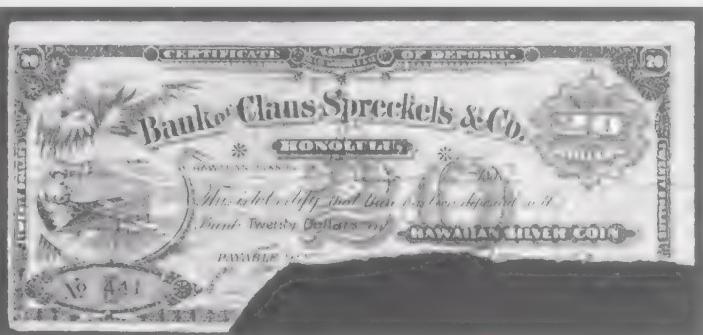

Claus Spreckels also established a banking house in Honolulu, which was operated by his partner, William O. Irwin. In 1882, Irwin claimed that the firm had a complete monopoly of the Hawaiian sugar crop.

In 1878, King Kalakua, who was a poker playing buddy of Spreckels, began a dangerous course of dismissing cabinet members because they did not agree with him. As the result of another bill, there was one million dollars in silver coins struck for the Hawaiian Government in San Francisco. Spreckels "won" the contract and made a profit of \$100,000 to \$200,000 in Hawaiian coinage for this deal. Spreckels was also known as the power behind the throne. When trouble broke off the relationship, he retreated to San Francisco in 1886. It is apparent that these bills were issued as currency, with the logic that they would help create demand and add value to the coinage that had been introduced in 1884. That coinage was not being as well accepted as the US coins that had been circulated. A brilliant strategy, once again, by Spreckels.

**\*\* Memphis Memories \*\***

Beginning in 1970, at the ANA Show in St. Louis, I became a friend of Amon Carter. John Hickman asked Amon to flash the two double denomination brownback Territorial notes (50-100, 100-50) at me, to see what my reaction would be. I spotted the double on first sight, and Amon was amazed at this. Said I was the first to notice same on first glance. After this I always visited Amon's table to look through his museum collection of Territorials, that he liked collectors to see. After looking through them for the umteenth time, Amon commented that Memphis was great for me as I did not need to follow him around the country to look at these prizes of his collection. Several years before Amon passed away, he had Dale Ennis, Nicholson, and several others at his table, including myself, and commented - "Someday, I'm going to get all you guys together in Fort Worth at a hotel, with all the boys from Oklahoma in one room, Colorado in another, etc., and let you bid on these notes, after I fill you with good whiskey. Only thing is, that I do not have anyone to put in the room with Latimer." Amon often commented that I probably knew every speck of dirt on these notes, as well as every crease and mark of the trail... Always considered this to be a compliment.

#1 Red Seal  
Worland, Wyoming

- 208 Worland, First NB, #W8253 Fr. 614 \$10  
1902RS #R224166-1 Here is the prize of the red seal collection of Dale Lyon. In June of 1989, he was fortunate enough to purchase this note. At the time, it was a very strong price of \$15,000, but around then a red seal on Evanson, not a #1, in very average grade, sold at auction for \$8,500, plus premium. In this market, where great notes are bringing greater prices, it will be interesting to see where the demand carries the price. This bank was chartered in 1906 with a capital of \$25,000, and was placed into voluntary liquidation on December 29, 1924. It was then absorbed by the Farmers State Bank of Worland. The bank issued 2,059 sheets of bank notes, including 400 sheets of \$10-10-10-20 red seals. Two notes are known on this town. This beautiful #1 red seal, and a very low grade blue seal. The note has strong pen signatures, and has two staple holes near the portrait. This may be your only opportunity in many years to purchase a #1 Wyoming red seal, as currently, NO OTHERS HAVE SURFACED. Good luck! I hope the buyer enjoys it as much as Dale did.

They issued lots of notes, including 7,705 sheets of \$5 red seals. In 1918 they ran from this ethnic title to a more "run of the mill" National Bank of Commerce. It is impossible to determine the large outstanding on this bank, because its circulation was assumed by #2715 in 1932. We do know that this note and a #1 \$100 red seal both survived. ## Washington

- 218 **Hillyard, First NB, #9182** Fr. 626 \$10 1902ND #3722 This bank is listed as "Hillyard/Spokane" without explanation, but the note says "Hillyard" only. The bank issued only 4,620 sheets on large notes, and a very few small ones. It shows as an R-6 bank with \$3,060 large out at the close. Another great Washington rarity. VG/Fine (750-1,500)

- 219 **Mount Vernon, NB, #P10602** Fr. 605 \$5 1902ND #A971156H-4995 This short-lived bank was in business from 1922 - 1934. The large out at the close was \$2,640, and a year later, in 1935, it was \$1,330. An R-6 bank, and likely to remain so. Delicate, purple signatures. VF/XF (750-1,500)

- 217 **Conway, First NB, #11984** Fr. 634 \$10 1902ND #2119 This short-lived bank was chartered in 1921 and liquidated in 1934. They issued only 3,233 sheets of large notes, and some small size. This note is a beauty. Lightly circulated and great signatures. Large outstanding at the close was \$760, and it is an R-6 bank. VF+ (1,000-2,000)

- 220 **Olympia, Capital NB, #P4297** Fr. 653 \$20 1902ND #H43956H-13234 An absolutely fantastic note from the capital, with black signatures. This bank was chartered in 1890, and was absorbed by the National Bank of Commerce of Seattle in 1934. We do not have a factual large outstanding figure to help determine the rarity. R-5. VF+ (750-1,500)

## Washington

### Washington Territorial

**221 Tacoma, Territory of Washington, Pacific NB, #3417** Fr. 469 \$5 1882BB #H552997E-1995 This note has seen a lot of action. If it could talk, imagine the stories it could tell. Only 8 Washington Territorials are known, and at least one is damaged. It has been 10 years, at least, since the Amon Carter piece was sold. It realized approximately \$16,000. This piece is not as nice, nor is it expected to realize as high a price. The signatures are bold, even through the wear. Good (6,500-12,500)

### Washington Red Seal

**223 Tacoma, NB of Commerce, #P3789** Fr. 589 \$5 1902RS #N218787-1397 This bank was formed as a Territorial bank, and continued after it became a state, until 1913. It then was placed into voluntary liquidation, and was absorbed by #3417, The Pacific National Bank of Tacoma. This bank issued 5,000 sheets of red seals, 3,000 being \$5's like this one. Richard Montford turned this note up on one of his famous road trips through the Pacific Northwest. He sold it to Dale at the 1978 ANA for \$2,000. A beautiful note with super signatures. Several grades above any of the few Washington red seals you have seen offered in recent years. XF/AU (1,500-2,500)

### Super Name

**222 Tacoma, NB of Commerce, #P3789** Fr. 484 \$10 1882BB #T771991T-11089 This was chartered as a Territorial bank in 1887, and was consolidated with #3417 in 1913. This brownback has bold pen signatures on a seldom seen Washington type. VG/Fine (750-1,500)

**224 Big Stone Gap, First NB, #11765** Fr. 659 \$20 1902ND #5549 A little roughness and a couple of tears won't stop me from enjoying this great name and rarity. The bank only issued 6,171 sheets of large notes, and in 1935 had only \$1,200 large out. I know this will turn a few heads. Yes, it is worn, but its got signatures and does not look too bad. R-6. G/VG (1,000-2,000)

### **Richmond Red Seal**

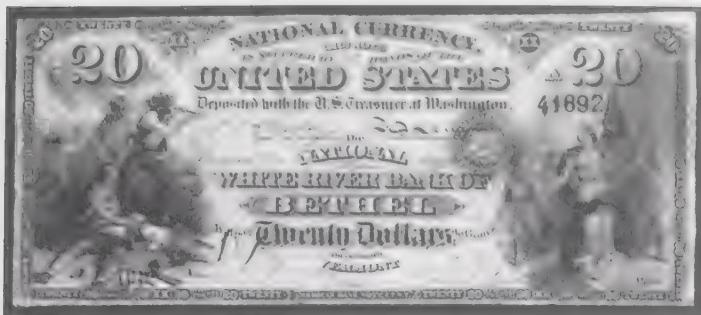

- 227 Richmond, First NB, #S1111 Fr. 613 \$10  
1902RS #A853136-14090 When Dale bought this red seal from me in 1977, I suggested that it was a #1, because it looked like one and would have to do until one came around. Guess what, in the next 15 years, he never found one he liked better. While I'm sure some exist, I don't believe I ever offered one. This note is absolutely wonderful. It has solid black pen signatures, and of course, the bank issued zillions of notes. But, I can't remember any I liked better than this one. Ch. AU (750-1,500)

## Vermont

- 228 Bethel, National White River Bank, #962 Fr. 380 \$1 Original #915133-577 An early, Eastern bank, chartered in 1865, and placed into receivership in 1933. The large out at the close was \$6,850. It issued several more unusual issues, including this blue Treasury serial number. VF (600-900)

## Vermont

- 229 **Bethel, National White River Bank, #962**  
Fr. 427 \$20 Original #41692-632 If one is persistent enough to review all of the National Bank Note issues, in the first charter series, you will find that very few were ever issued. The odds of finding one for your collection are slim. Fine (2,000-4,000)

- 230 **Bradford, NB, #N7267** Fr. 613 \$10 1902RS #T379976-435 A wonderful red seal with strong pen signatures. A very rare R-6 bank that issued only 620 sheets of red seals, and 6,273 sheets of blue seals. In 1935 it had \$1,270 large outstanding. VF (750-1,250)

### \*\* Memphis Memories \*\*

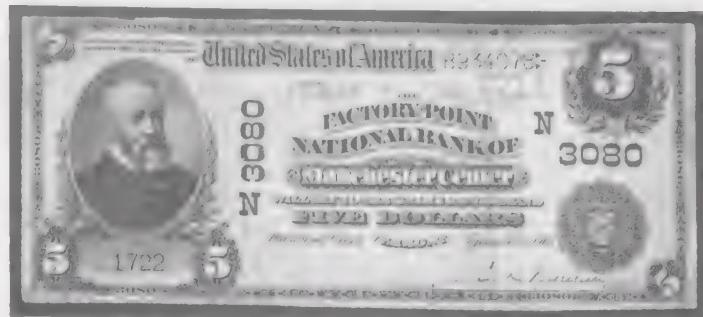

I could go on and on about other incidents of Memphis, as I know other collectors can. The Nicholsons, Joe Kinneys, Hickmans, Prathers, Irishs, and all others made Memphis into a great melting pot, as none of us cared how much money, or what position in life an individual had. We all enjoyed each others company and companionship as we discussed this great hobby of ours. George Nicholson coined the title as "The Paper Mafia"

### Manchester Center Red Seal

- 231 **Manchester Center, Factory Point NB, #N3080**  
Fr. 587 \$5 1902RS #B934078-1722 Dale's favorite notes were red seals with good titles and two word town names. This note had it all when he bought it from A. Mincho in 1978. I guess he never found one he liked any better, so he kept it. Ever since I became interested in Nationals in the 1960's, this title and location have been sought after. The large outstanding in 1935 was \$3,900. Only the President's signature is visible. Fine (500-1,000)

### #1 Brownback

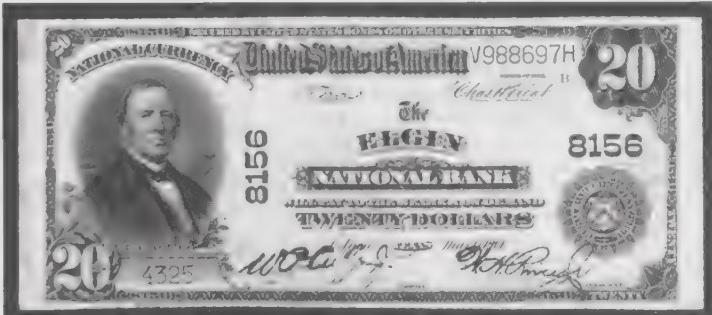

- 232 **St. Albans, Welden NB, #3482** Fr. 469 \$5 1882BB #D861214E-1 An exceptional #1 brownback from Vermont. Unfortunately compromised slightly by the New England trim. (This was said to have been done to make these new notes fit the cash drawers designed for Obsoletes). It is just to the design in a couple of spots, but it has great pen signatures, and is fresh and bright. XF (1,500-2,500)

Texas

- 233 **Alvarado, First NB, #S3644** Fr. 644 \$20  
1902DB #M785268B-3042 An early Texas bank, chartered in 1887, located in Johnson County, near Cleburne. Of course, this was the only National Bank in town. Since they closed in 1929, there is no later outstanding numbers, except at the close it was \$8,070. This R-6 note has great pen signatures, and is missing from most great Texas collections.  
Fine (900-1,200)

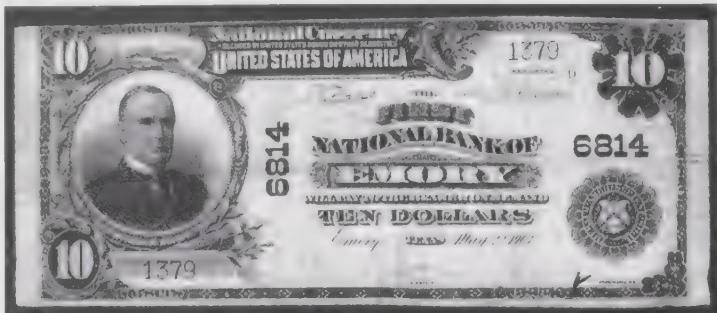

- 234 **Elgin, NB, #8156** Fr. 651 \$20 1902ND  
#V988697H-4325 Elgin is located in Bastrop County. This National Bank was one of two in town. It was chartered in 1906, and in 1935 the large outstanding was \$1,710. It is still an R-6 bank. It has strong, purple signatures.

DISCOVERY NOTE

The large outstanding in July 1935 was \$1,400. This bank is an R-6. It will probably stay that way too, since this is a discovery note!  
Fine (1,000-2,000)

- 236 **Fayetteville, Farmers NB, #10954** Fr. 658  
\$20 1902ND #3173 A beautiful note from this bank that was chartered in 1917. They only issued 3,209 sheets of large notes. An R-5 bank, and just a single corner fold. The large outstanding in 1935 was \$2,370. Great signatures and well centered.

It issued only \$5 First Charters, and 11,675 sheets of them. When formed, it succeeded the business of Boaz, Marklee & Co. This note is evenly circulated, with a few minor nicks and tears. Overall, just pleasant. Sure to evoke spirited interest.

## *\*\* Memphis Memories \*\**

Eric attended his first Memphis Show in 1982. He was just 6 months old. I had hired a sitter to watch him during the day so I could help Lyn at the show. I was very worried about leaving him with a stranger until I saw, and spoke with, "the sitter". She was a large, black woman who instantly reminded me of "Mamie" in Gone With The Wind. I was comforted by that thought. But, the real test came when she had Eric in the lobby of the Rivermont Hotel to get a little break from being in the room all day. Apparently someone who knew Eric approached our "Mamie" and started playing with Eric. From reports I heard later, Mamie was very firm with the individual, who appeared to her as a stranger messing with her charge. Fortunately, my instincts were right and we used "Mamie" for a few more years after that.

### #1 Tennessee Red Seal

- 253 Polk County at Copperhill, First NB, #S9027**  
Fr. 615 \$10 1902RS #X614693-1 Beyond a doubt, this note epitomized what Dale was looking for in his red seal collection. A #1 note, from an unbelievable location and name, in nice grade. This bank issued 7,048 sheets of large size notes, but only 420 were the \$10-10-10-20 red seals. The bank currently is an R-5. It shows in the large outstanding in 1935 of \$1,450. Dale acquired this note from C. Iverson in 1978. Before that, it appeared in a Hickman-Oakes auction, where I assume M. Sherwin bought it. They had received it to sell from a Stanley Miller, and that is the story. Anyone would be proud to add this pearl to their collection. I'm sure this note will receive spirited bidding from both red seal and state collectors. VF (3,000-6,000)

### *\*\* Memphis Memories \*\**

I can't quite remember which year it was, but I remember Allen Mincho bringing a "mother lode" of National Bank Notes along one year and I had the opportunity to get some of the neatest Iowa notes I was ever offered. No one could believe the \$100 First Charter on Des Moines for \$40,000 though. An amazing note, but they still want farms for \$40,000 in Iowa!

### #1 Red Seal South Dakota

- 260 **Clark, Clark County NB, #W6409** Fr. 613 \$10 1902RS #A269902-1 I only know of four #1 red seals from South Dakota. This is a beautiful, pen signed note that Dale got from D. Koble in 1984. This bank was chartered in 1902, and issued 700 sheet of \$10-10-10-20 red seals, as well as 3,577 sheets of blue seals. Not very many notes at all. The large out in 1935 was \$1,750. It currently shows to be an R-4 bank. A seldom seen opportunity to find a great #1 red seal. I had another #1 red seal on this bank several years ago. I believe it realized \$4,400. XF (3,000-5,000)

John Rowe says what he remembers most vividly about Memphis was that he, Tom Bain, and Amon Carter never left the Rivermont, from the time they arrived until they left for the airport, in all the years they attended together at the Rivermont. 1902RS #X421627-4282 The signatures are

National Bank of Greenwood, but it changed to  
this title in 1907. It issued 1,500 sheets of red  
seals with this title, as well as blue seals and  
small size. South Carolina red seals are few and  
far between. I'm sure there will be lots of interest  
in this note. It was purchased from H. Jones

Extremely Rare

- 281 Mercer, Farmers & Mechanics NB, #2256**  
Fr. 406a \$5 1875 First Charter  
#Z875937-2388 This previously unknown Friedberg number was recently discovered. It is no small wonder we have not seen it before. These two were only in office from May 1, 1885 to June 5, 1885. The existence of these Treasury signatures, and the engraved date, is explained in an article by Peter Huntoon. "The early series of 1875 replacement plates, made by the BEP, utilized the same plate date as the one being replaced, but the current Treasury signatures were used. This practice died out before 1882. (Sorry Pete, these guys didn't take office until 1885, yet it still bears the June 15, 1875 plate date. Another paragraph does not mention the 1882 date). The only notes to bear this signatures combination would be by a bank that had issued first charter original series, and had chosen to reorder first charter series of 1875, during the month that these two were in office. The only way to know for sure, if anyone else did, would be to check the proof sheets in Washington. This bank issued 2,991 sheets, probably all with this signature. Much rarer than any others we have seen to date. An extraordinary opportunity to acquire this rarity. Fine + (4.000-6.000)

It has strong pen signatures of the bank officers. Only \$680 in large notes was outstanding in 1935. Good centering, but a non-distracting light discoloration area at the center, on this Lehigh County, R-5 bank. Gem CU (750-1,250)

**284 Philadelphia, Third NB, #234 Fr. 380 & 387 \$1-1-1-2 Original Series #D670367-4574**  
 (Not overprinted) An extraordinary uncut sheet of first charters. Something we have handled only from the most important collections, this one, ex-Grinnell. It is easier to understand why first charters with margins are so scarce when you can see how little space was left between the notes. It is also interesting to note that the \$1 notes say "American Bank Note Co.", while the \$2 note says "National Bank Note Co.". An extraordinary opportunity for any advanced collector. Dear Sir:

Thank you very much for your letter with remittance of \$52.50 and return of the 1891 \$2.00 Silver Cert.

Your letter states you have a \$15.00 credit. However, the \$52.50 plus \$15.00 credit only covers payment on the 1891 \$50 Silver Certificate at \$67.50 retained by yourself. We are herewith returning our last invoice. You will notice the total amount due was \$66.65, but since you returned the \$2.00 note, the credit of \$15.00 and payment of \$52.50 squares us to date.

The 1891 \$5.00 note Abt.Jnc. has been sold.

As mentioned before, we have discontinued our Approval service. Upon checking our stock we find the 1902 \$100.00 Metl. Note is with Red seal, instead of Blue Seal. It is on the First Nat'l. Bank of Washington, D. C. and is in ex.unc. condition. Price \$142.50. We will be glad to receive your order for this.

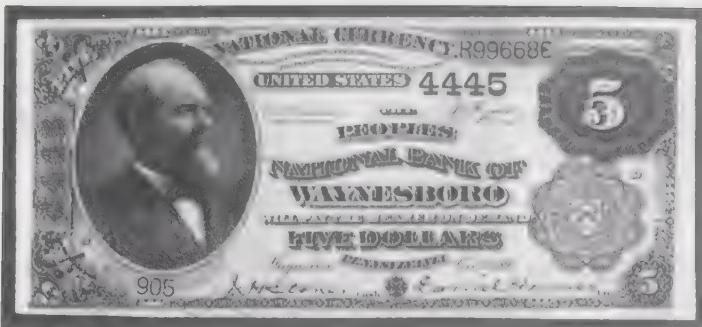

We have no later lists on notes than the one sent you some time ago. Also, our records show you have a copy of our 1949 Catalog.

Hoping to hear from you again soon, we are

Yours very truly,

It is pristine, with full embossing and colors so fresh, they look like if you touched them, they would smear. This western Pennsylvania bank was one of the earliest chartered and it operated until 1927. They issued 2,734 sheets of each, with a \$50 and \$100. It has great pen signatures and it is a type collectors dream. A letter from Bebee's, dated 1949, is shown here. It shows where a previous owner had purchased it for \$142.50. Gem CU (12,000-18,000)

### #1 Indian Territory

- 295 **Muldrow, Indian Territory, First NB, #W6717**  
Fr. 613 \$10 1902RS #A876112-1 Dale was able to get first pick on the Bill Bailey collection and this, out of all those Territorials, was what he picked. This bank issued only 840 sheets of \$10-10-10-20 red seal Territorials, and 132 sheets of state red seals, or in other words, under 1,000 sheets total. That means the likelihood on survival is slim to none. I'm sure glad slim was included in that total because this is a beautiful, three fold note. It is fresh and well centered, with strong pen signatures. XF/AU (7,500-15,000)

### Oklahoma State Red Seal

**297 Wapanucka, Peoples NB, #W8137 Fr. 615**  
\$10 1902RS #X726791-96 This is without a doubt, one of the rarest notes we have ever had to offer. Only 183 sheets of notes were ever issued on this bank, as a state note, 100 sheets were red seals. IN 1911, the outstanding was \$3,050. Only 188 Territorial sheets were issued. A truly remarkable red seal from the Lyon collection. To the best of my knowledge, there are no #1 Oklahoma state red seals known. Another red seal state note sold recently, on a more common bank and in much lower grade, for \$5,500 plus the premium. I'm not sure if more than one other North Dakota #1 red seal exists, but if there is, it's not many. A true rarity that will surely raise the blood temperature of a few collectors. ### Low Charter #87

- 322 **City of New York, Third NB, #87** Fr. 466 \$5 1882BB #K137057E-1701 A super brownback with beautiful pen signatures. An unmolested, low charter brownback. This bank was closed in 1897. By 1910, this R-3 bank had only \$12,920. VF/XF (400-800)

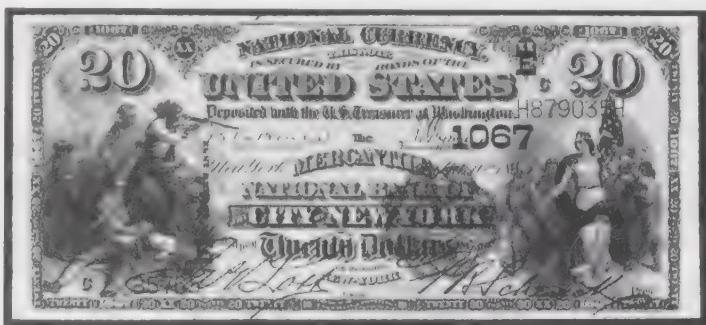

- 323 **New York, NB of Commerce, #733** Fr. 467 \$5 1882BB #B233971B-237001 A wonderful type note from the old time hoard on this bank. Ch. CU (600-900)

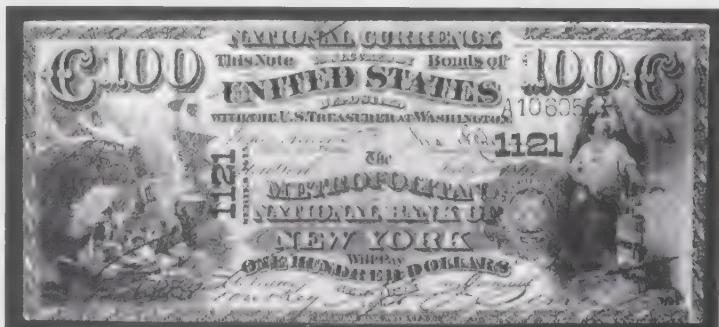

## New York

- 324 **New York, Seventh Ward NB, #998** Fr. 387 \$2 Original Series #E363415-17791 This bank used this title only from 1865 to 1888, when it changed to the Seventh National Bank. A very nice, lightly circulated note that is trimmed close all around. VF/XF (1,200-1,600)

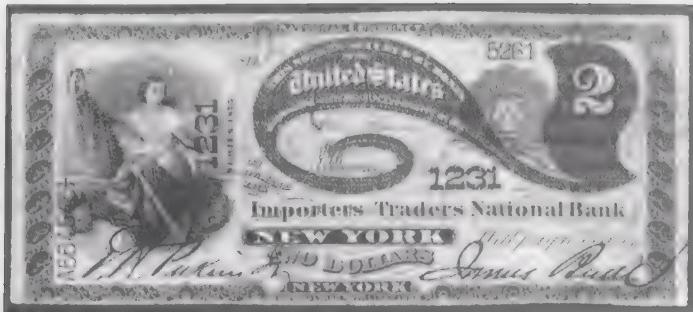

- 325 **City of New York, Mercantile NB, #E1067** Fr. 494 \$20 1882BB #H879035H-85765 A note worthy of many superlatives. Huge margins, bright, fresh, original color, as well as bold pen signatures. As nice a type note as you are likely to find. Gem CU (1,500-2,000)

- 326 **New York, Metropolitan NB, #1121** Fr. 458 \$100 1875 First Charter #A106055-7325 This early New York bank issued first charters only, both original and series of 1875. They were also one of the few banks in America to issue \$500 and \$1,000 first charters. The bank was chartered in 1865 and was closed in 1884. The outstanding notes dropped from 1,447,000 at close to 29,837 in 1910. Trimmed tight at both ends and bottom. F/VF (4,500-6,500)

## New York

- 327 **New York, Importer Traders NB, #1231** Fr. 391  
\$2 1875 #A564545-5261 A well worn lazy deuce where the only problem is honest wear. No major flaws or imperfections. Not as much margin along the bottom, mentioned only because the other sides are so good. This title has always been one of my favorite "tradesmen" titles.

**Two Known Examples**

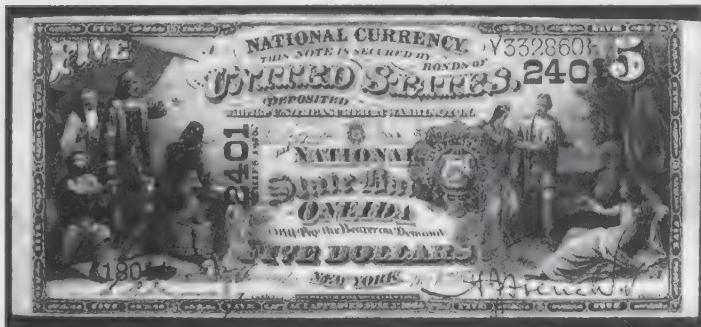

- 329 **New York, Bank of America National Association, #13193** Fr. 707a \$100 1902ND #1800 Woods-White This bank was not chartered until March 26, 1928. It issued 2,445 sheets of \$50-50-50-100's with this signature combination. Since these Treasury officers were only together from October 1, 1927 to May 1, 1928, it is very possible that no other banks would have issued \$100's with this signature. If indeed only 2,445 were printed, how many more than the two known would have survived? An extra ordinary opportunity for someone desiring a complete set of nationals by type, denomination, and Treasury signature. VF+ (2,500-4,500)

The bank issued only 2,162 sheets of \$5 1902's and 618 sheets of small size. In 1935 the remaining large out was a minuscule \$170. The bank lists as an R-6. Signed by W.J. Potter and D.W. Brown. ### #1 Type II Sheet

- 333 Salem, NB, #7588 Fr. 1801-2 \$10 1929T2 #A000001-A000006 Uncut sheet of six notes. A rare New York bank issuing only 41 uncut sheets of Type II notes. This sheet is a beauty that is well centered. It would be a wonderful addition to a collection. Ch. CU (1,500-2,500)

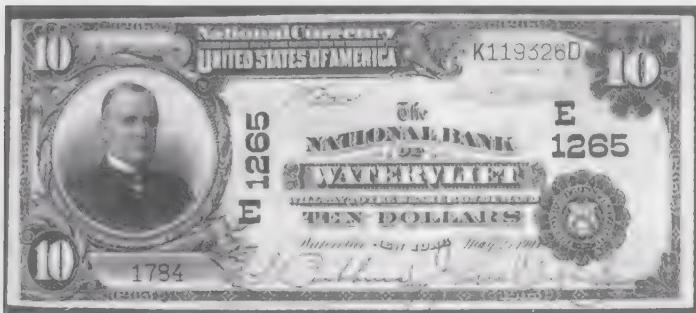

- 334 Schuylerville, NB, #1298 Fr. 467 \$5 1882BB #D907039E-1665 The National Bank of Schuylerville was chartered in 1865 and survived through the entire note issuing period. By 1935 the large outstanding was down to \$2,100. The bank is still an R-5. This \$5 brownback is a beauty with a great layout. In the right margin, someone wrote "Hudson Food Store" in blue ink. It does not distract from the note. VF/XF (500-750)

### UNIQUE New Mexico Territorial

340 **Texico, Territory of New Mexico, First NB, #W8173** Fr. 614 \$10 1902RS

#N950018-251 This note was offered in 1990 in a CAA first sale where they said "A fantastic rarity. This is the only note known from Texico, where both of the banks chartered, issued Territorial notes only before both went out within a six month period in 1911 - 1912. Only 430 sheets were issued by this bank, where, by 1916, a mere \$320 was outstanding. Worth whatever it costs because there simply aren't any more after this". Neither of these banks issued any state notes. Pen signatures of A.A. Maxwell and J.M. Kindred. There is a minor 3/4" split at the bottom.

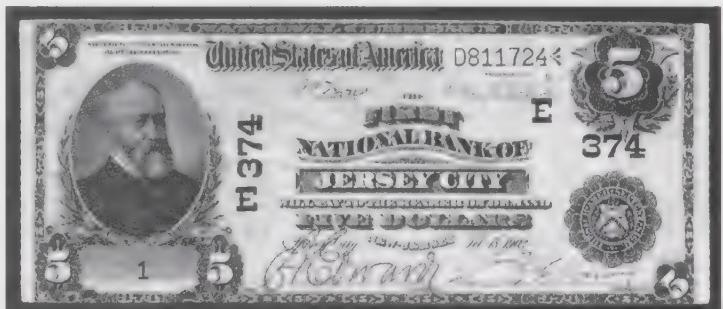

Fine (5,000-10,000)

## New Jersey

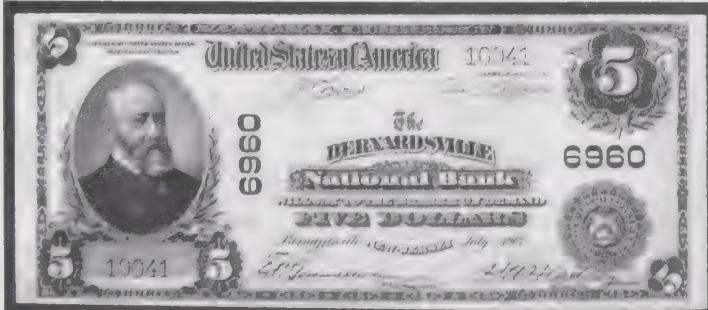

342 **Branchville, First NB, #7364** Fr. 1802-1 \$20 1929T1 #A000160A A very scarce New Jersey town that is an R-6. Fine (350-500)

### #1 Date Back

343 **Jersey City, First NB, #E374** Fr. 590 \$5 1902DB #D811724-1 A nicely pen signed note from one of the larger banks in the state. It is a little tight along the bottom margin, but it has great signatures. XF+ (600-1,200)

## New Jersey

341 **Bernardsville, NB, #6960** Fr. 598 \$5 1902ND #10041 One of a group that were in the property of the banking family for many years. A beautiful note that is signed by the Assistant Cashier and Vice President. Gem CU (750-1,000)

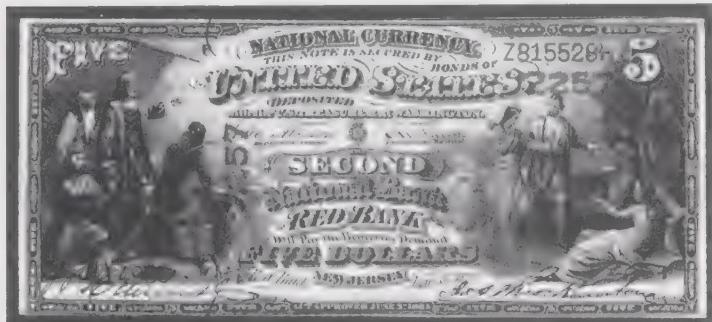

344 **Little Ferry, NB, #12378** Fr. 1800-1 \$5 1929T1 #F000119A A great name and a rare bank. That's a true R-5. A little roughness in the middle one-third at the bottom margin. VG (400-600)

### #1 New Jersey Red Seal

- 345 **Jersey City, Second NB, #E695** Fr. 613 \$10 1902RS #D827718-1 Dale acquired this note from Ted Uhl by trade, in 1977. Originally it was from my fixed price list that year. This bank was chartered in 1865 and liquidated in 1907, after issuing red seals. This note has but a single fold. Great bold pen signatures on this #1 note.  
Ch. AU (1,000-2,000)

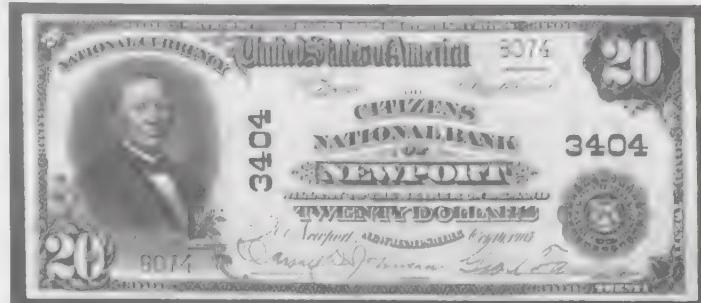

- 346 **Red Bank, Second NB, #2257** Fr. 401 \$5 1875 #Z815528-14985 A beautiful first charter with a great title. Unfortunately the red overprint has gotten very fuzzy and yet the note does not have any characteristics of being "played with". It has bold, black signatures.  
VF/XF (400-800)

- 347 **Town of Union, First NB, #9544** Fr. 600 \$5 1902ND #K586357H-7896 One of the more interesting layouts that can be found. This one has good signatures. Fine (250-500)

The cut is very uneven and slightly into the design at the upper right corner, but a great note. VF/XF (2,000-3,000)

### Nevada Red Seal

- 350 **Reno, Farmers & Merchants NB, #P7038** Fr. 613 \$10 1902RS #B416284-2929 This bank was chartered in November 1903 and initially issued red seals. The title was changed to the First National Bank in Reno in 1929, to more accurately portray the changing times in the area. It has strong pen signatures. Dale acquired this note from me in November.  
Fine (3,500-5,000)

#V951857E-2614 Sometime around 1954, Aubrey Bebee uncovered this sheet and 16 more. They represent the largest group of brownback sheets in existence and are the ones offered most often. A tiny nick in the bottom, but this one is nice.

### #1 Clinton Red Seal

- 357 **Clinton, NB, #M7806** Fr. 587 \$5 1902RS  
#H16662-1 This bank was chartered in 1905 and failed in 1931. They issued 2,855 sheets of red seals and when they closed, they had \$10,440 large out. This note appears to have been cut from a folded sheet. So basically, it's UNC with a fold along the top. It has great pen signatures. Dale acquired this note from me in Memphis 1980. R-4. Ch. Wonder Note!

This bank was chartered December 12, 1928 and was one of the very last banks to issue large size notes. Only 63 sheets were printed! That's right, only 252 notes and I know of no others. He got one and it is probably the only red seal known on this bank. This bank was short-lived. Chartered in 1907 and liquidated in 1916, when it was succeeded by the Bank of Commerce at New Albany. The bank only issued 5,347 sheets of nationals, and only 900 sheets were red seal \$10-10-10-20's. Currently an R-5 and likely to remain so. VG/Fine (2,000-4,000)

Eric spent the first evening of his first Memphis Show dining in the Rivermont Hotel Restaurant with family and friends. He occupied himself throughout the two hour meal by playing in the highchair with a lobster claw that a Cuban dealer had offered from his plate. ### *\*\* Memphis Memories \*\**

Amon had loaned the "Numismatic Scrapbook Magazine" a photo of a 1st charter, \$1 from the Second National Bank of Santa Fe, for an article I did for the publication, about founders of the bank. At the next show, Amon called me over to his table and asked if I would like to have this note for my collection, as he had been impressed by my article. After I replied in the affirmative, he asked if I had anything to trade for this note. I had a 2nd charter dateback \$50 from the 1st of Albuquerque, that I had obtained from Lyn a few years before, and Amon said that would be fine with him. He then asked if the \$1 note he had with him was the same as used in the article. I realized that I did not know for sure. He said that he had another in Ft. Worth, and if I wanted, he would wait until he returned home and would send me the right one, or the best of the two. Beggers cannot be choosers, so I said O.K... A few weeks later, I received the note from Amon, which was the second note from Texas, and also the best of the two. Amon also wrote a letter listing the ten, or so, other New Mexico Territorials he had. Still have it, and prize the letter...

- 383 **Pocasset, NB, #679** Fr. 454 \$100 Original Series #65234-23 This is a wonderful \$100 original series first charter. It appears to be totally unmolested, with only margins that are a bit close, to hold it back. Strong, clear signatures of two members of the Hathaway family are present. One serial number recorder tells me he has 22 original series first charters and only a couple are better than, or equal to, this example. From a 1977 Hickman & Oakes sale where it realized in the neighborhood of \$7,000. Today, it should realize a lot more. XF (9,000-18,000)

 1902RS #D325741-284 The Lyon collection would not have been right if the Florida red seal had not come from George Nicholson (Nick Olson) as his badge would always read, at Memphis 1978. George lived and loved Florida bank notes and was a promoter and hustler, as fine as I ever met. He made Florida notes valuable when the rest of us were dealing in pocket change. George picked a nice red seal for Dale's collection. This bank was in business for 19 years, 1904 to 1923. They issued a fair number of red seals, but you just never see Florida red seals. ### Colorado Territory Lazy Deuce

#### 452 Denver, Colorado Territory, Colorado NB,

#1651 Fr. 387 \$2 Original Series

#B24985-1049 It is apparent that this note saw no real circulation, but was counted and recounted, bending the corners. This note is truly a beauty, dated Denver, Colorado Territory, August 15, 1866. It is signed by C.B. Kountze and Luther Kountze, from the proud pioneer banking family. The Colorado National Bank issued 3,830 sheets of \$1-1-1-2's, 5,250 sheets of \$5's and 415 sheets of \$10-10-20-20 Original Series, and 17,234 sheets of \$5 Series of 1875. Certainly one of Colorado's most important, early banks and banking families.

#### 453 Denver, NB of Commerce, #W4358 Fr. 515

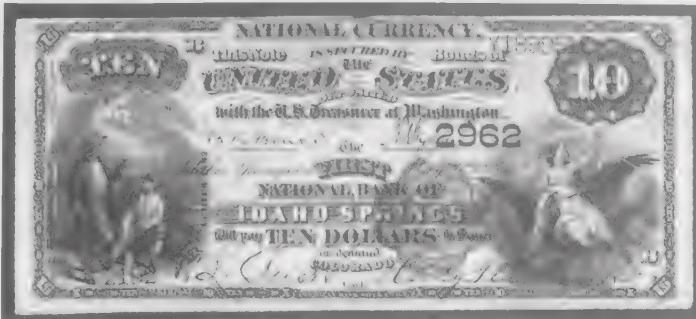

\$50 1882BB #B495648E-5432 To the best of my records, there are only six \$50 brownbacks known on the state. This is one of two notes, of any type, known on this bank. This bank succeeded McIntosh & Mygatt. Opening in 1890, business was suspended for one month in 1893. The bank then remained out until 1908.

Fine (4,000-6,000)

#### 456 Fleming, First NB, #11571 Fr. 1801-1 \$10

**457 Idaho Springs, First NB, #2962 Fr. 480**  
**\$10 1882BB #Y189951E-2192** This note was just discovered in the estate of a Russian artist who had recently returned to this country. He left America for Russia after the Bolshevik Revolution, as they were socialists and unable to leave when the communists took over, he remained until recently. When the estate was dispersed, this note was found. The First National Bank of Idaho Springs was organized on May 19, 1883 with capital of \$50,000 to succeed the Bank of Idaho Springs. It assumed the circulation of #5989 by consolidation in April 1918 and was placed into receivership itself just before Christmas 1931. There were 2,343 sheets of \$10 and \$20 brownbacks issued along with red seals, dated and plain backs. At the close, \$4,837 was shown outstanding for both banks. Signed by Wm. S. Rush and Henry Plummer, President. VF (5,000-10,000)

### *\*\* Memphis Memories \*\**

I had great anticipation about the Memphis Show since it was my first bourse table and the first "all paper money" show. Any doubt about its success faded after only a few moments. When I made my first stop and bought a red seal on Factory Point, VT. and a blue seal on Ft. Lauderdale, Fl. From there I turned to the next table and purchased a red seal on Philadelphia, MS. As I turned to look for more I thought - They'll come as long as they want to have the shows.

*Allen Mincho*

The Factory Point, VT. red seal was sold to Dale Lyon and is being offered in this sale.

Dale acquired this note from me at the 1977 Memphis Convention.
